Question: 375

DRAG DROP

You use opportunities with business process flows in Dynamics 365.

You do not have insight into the amount of time spent per process and when the last stage became active.

You need to create views and charts that give you this insight and that allow you to track by the owner of the opportunity.

Which three actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

### Actions

Create a view of the business process flow entity and include duration and Active Stage Started On

Add the owner field from the opportunity to the view

Add the duration and active stage started on the view of the opportunity

Create a chart on the business process flow entity and add the new view to include the needed fields

Create a new of the opportunity entity and include the owner field

Create a chart on the opportunity entity and use the new view to include the necessary fields

### Answer Area

Answer:

## Actions

Create a view of the business process flow entity and include duration and Active Stage Started On

Add the owner field from the opportunity to the view

Add the duration and active stage started on the view of the opportunity

Create a chart on the business process flow entity and add the new view to include the needed fields

Create a new of the opportunity entity and include the owner field

Create a chart on the opportunity entity and use the new view to include the necessary fields

## Answer Area

Create a view of the business process flow entity and include duration and Active Stage Started On

Create a new of the opportunity entity and include the owner field

Add the owner field from the opportunity to the view

### Question: 376

A company plans to move their headquarters from the United States to Europe.

You need to round all currency values to four decimal places and display the correct currency symbol.

Solution: Change the currency decimal precision and currency display options.

Does the solution meet the goal?

- A . Yes
- B . No

**Answer:** A

### Question: 377

You are a Dynamics 365 for Sales system customizer.

You need to set up LinkedIn Sales Navigator Lead (member profile) on the Lead form.

Solution: Use Unified Interface apps.
